

## My Background

I graduated from the University of North Dakota with a degree in Social Work. I was blessed to receive a position with LSSSD, being a Specialized and Treatment Foster Care Case worker. I then moved into their Infant Adoption Department, and became the recruiter and marketing specialist for the next 6 years. Right before my second child was born, I decided to just stay at home with my children. I have been blessed to spend the last 5 years caring for my family and am now looking forward to this new adventure with RHD!

## How to Support me:

- Patience will be key! I might know the answer right away, but I will not give up until we find the best option!
- I appreciate feedback—Please be honest and open communication. If something is not working, let me know.
- Please be respectful.
- Best form of communication is E-mail, call or face to face.
